Stewartstown Senior Center

Erin Faw; Director

November 2026

As November arrives and we begin looking forward to Thanksgiving, I find myself reflecting on the many things we have to be thankful for. At the top of my list are all of you—the wonderful people who make the Stewartstown Area Senior Center such a special place.

Our senior center is so much more than a place to spend a few hours. It's a place to build friendships, discover new interests, stay physically and mentally active, and enjoy being part of a community. Whether you're attending an exercise class, participating in an activity, learning something new, or simply sharing a laugh with friends, **your presence and participation are what keep our center thriving.**

There's also something very important I want everyone to understand. **One of the primary ways our center receives funding from the York County Area Agency on Aging is through the meals we serve.** Every meal enjoyed at the center helps generate funding that supports our daily operations. When you stay for lunch, you're doing more than sharing a meal with friends—**you're helping support the future of YOUR senior center.**

With operating expenses continuing to rise, every meal truly makes a difference. I encourage everyone to participate in activities, stay for lunch whenever possible, and invite a friend or neighbor to join us. You might be surprised how much a simple invitation can brighten someone's day!

As we celebrate Thanksgiving, please know how grateful I am for each of you. Our center wouldn't be what it is without our members, volunteers, and the friendships that make every day special.

Remember, this is YOUR senior center. Your presence gives it life, your participation gives it purpose, and sharing a meal helps give it a future.

Wishing you and your families a wonderful Thanksgiving filled with love, laughter, and plenty of reasons to be thankful!

Warm Regards,

Erin
