## Summer

Pull out your grills and beach gear

I'd like some lemonade and cold, cold beer!

Lay out the beach towel and apply the sunscreen

Soak up all the rays of God's golden beam.

The mosquitoes are near, but my repellent is on.

I dare them to bring their fight on!

The temperature has risen to 102,

There's only one thing left to do

I'll jump in the water with the greatest of ease

And hope to be swept away by the cool OCEAN breeze!
